# Memories that last a lifetime

## Our Boat

*She's a beauty and she's called the MV Tutoko II, sister ship of our other vessel, MV Tutoko.*

*As you slide gently away from Deep Cove's historic wharf sipping your glass of bubbles, you'll leave all your cares behind. Free yourself from the crowds and relax on a small, personalised visit to Doubtful Sound with Fiordland Expeditions.*

*With a maximum of 11 guests on board, the blend of good company and private space is tailor-made for relaxation. Dining comes courtesy of the sea, the catch of the day dictating the menu with the freshest seafood you've ever sampled. As if superb food and peerless scenery weren't enough, your choices of fishing, kayaking or dolphin and penguin-spotting will add to the experience.*
